To Whom It May Concern,

Lauren Cleve was a student teacher in my classroom from Oakland University between January, 2009 until April, 2009. Her responsibilities included observations, preparation of materials, small and large group instruction, planning and teaching lessons, and individual instruction in Reading and Math.

From day one Miss Cleve was extremely helpful and energetic while working with students. She assisted without direction when needs in the classroom arose. Extra attention was given to students who were having difficulty whenever possible. During instruction the classroom was very active in a controlled, non-threatening atmosphere. Lauren made learning fun and engaging for students, while managing to maintain a respectful teacher-student rapport. Materials and lessons were always well prepared and developmentally appropriate for students.

It was my pleasure to work with Miss Cleve during her assignment in my classroom. She will be an enthusiastic, caring and respectful teacher who will reach students in a positive way. Miss Cleve would be an asset and valued member to any district, school, classroom or child's life.

Sincerely,

Stephanie Janigian
